Surf Lesson in Peniche

"You cannot stop the waves but you can learn how to surf"
(Jon Kabat-Zinn)

It is told there is nothing that can be compared to the feeling of riding a wave. It is a feeling of freedom, a pure rush. So, why not to try it?!

There is no better place for this than Peniche – the westernmost city of mainland Europe. Surfing has been part of Peniche's daily lifestyle for the last decade or so. Records of foreign surfers date back to the mid 1960's. Nowadays the region is Portugal's main surfing area and although there's no large urban center it is considered by many the true Portuguese surf capital. The variety of surf spots available providing unique consistency in Portugal but also the ASP World Tour Championship presence in October are two of the main reasons for this claim.

Our purpose of teaching is showing you how amazing it can be to feel the elemental force of water, experiencing power and learning how to use it. Nature pleased this little town with great waves, beautiful beaches and overwhelming vibes.

For that we have at your disposal a team of professionals accredited by the Portuguese Surf Association. Furthermore, all teachers are educated surf life savers.

We provide lessons for beginners, intermediates and advanced students. We also have competition training and surf guides that will take you to the best spots in the Peniche area.

Everything you need you'll find here. Material and equipment is included in your lessons. We arrange everything for you to spend a great day surfing and involved in the purest surf environment. Come on, you will find it a blast!
