EXPLORE PORTUGAL'S SERVICES

Special Interest

Whatever your interest is, Portugal has it all, and we have the expertise to help you plan and operate a customized special interest journey through our partners who are chosen for their passion & expertise.

One of our main bets when considering special interests is golf.

Portugal's variety of landscape is surprising and completely captivating; our country is blessed with gentle sunshine for the whole year round, and is bordered from south to north by the clean blue waters of the ocean. It is a golfers' paradise with opportunities to play almost every day of the year. Every course offers new and surprising landscapes, backed up by excellent services and facilities.

Golf is just one of the special interests on offer. There are many wonderful variants available;
academic/educational tours, adventure travel, bachelor parties, bird watching, castle tours; cooking classes, disability travel, dolphin and whale watching, fly & drive, food and wine experiences, garden tours, gourmet tours, honeymoons, hunting, Jewish heritage tours, museum tours, pilgrim tourism, school groups, scuba diving, senior travel, shopping tours, solo travelers, sporting holidays, surf camps, team building, technical visits, teen travel, walking & cycling, ladies-only travel, workshops and more.

Explore Portugal offers special interest tours and vacations to meet the everyday demand of having a different choice of travel. We encourage that feeling of freedom when choosing what type of travel your clients want and the destination in Portugal of your choice. Let Explore Portugal do the rest!
